# SCHWING

## Technical Characteristics

Rotary concrete spreader		<b>RVM 12-125</b>
Basic model		<b>RK, AR</b>
Counter-boom		yes
Electrically operated drive for spreader arms		no
Tubular column extension		possible
Mobile chassis model		possible
Pumping line DN	mm	125
Reach L	m	12.3
Length of arm A	m	6.55
Length of arm A	m	5.75
Weight without ballast	t	1.3
Weight with ballast	t	2.3
Min. transport width	m	1.96
Max. supporting force	daN	1150
Height of outlet	m	0.77
Wheel-base	m	..
Max. supporting width	m	2.5 x 2.5
Electric motor	kW	..
Voltage*	V	..
End hose length	m	..
Height of column	m	..
Weight in operation	daN	2675
Load moment	daNm	2000
